## Salmagundi Club

Now in its second century, The Salmagundi Club continues to uphold its high standards of artistic accomplishment, distinguished members and good fellowship. The oldest professional art club in the United States not only provides exhibition facilities for members, but serves as a place where professional artists and intellectuals of artistic interest meet to their mutual pleasure.

The Club originated when a group of painters, sculptors, writers and their friends joined to form a sketch group at the studio of J. Scott Hartley at 506 Broadway, in the fall of 1870.

In 1893 it took possession of the house at 14 West 12th Street, where it remained for twenty years. In 1917, The Salmagundi Club purchased its present location, formerly the imposing home of William G. Park. The house had been built originally for Irad Hawley in 1852.

It has been designated an historic landmark by the New York City, New York State and Federal Governments.

The generosity and loyalty of the members, through contributions of money and gifts of paintings sold at auction, has enabled the Club to purchase this home, and to maintain it today.

Salmagundians take much pride in their unique clubhouse, which still retains the quiet dignity and charm of a bygone era. The Club provides conveniences, including a well-appointed dining room, modern kitchen, a cocktail lounge, fine library, billiard room, a spacious gallery where the Club holds exhibitions, entertainment, meetings and Special Dinners.

Activities of the Club during the year are many, including 9 exhibitions when the artists have the opportunity of exhibiting to the public in all media. Important and generous prizes are awarded at each exhibition, including purchase prizes in which paintings go to Art Museums, Universities, Hospitals, other institutions. Private collectors have also found Salmagundians' works welcome addition to their collections. The semi-annual auction sales are an interesting feature, bringing revenue to both the Club and the artist. Lectures, films, demonstrations by artist members and various forms of educational and entertaining evenings are given throughout the year.

The Salmagundi Club acts as organizing and screening agency between the U.S. Navy and qualified American artists. Under its Navy Art Cooperation and Liaison Committee (NACAL), artists are chosen and sent on short painting trips around the globe to interpret the daily life and glorious traditions of the Navy—an inspiring and rewarding program. Many of the paintings hang in Washington Buildings.

The Salmagundi Club has always been to the forefront on the American Art scene, always there, always important in the lives of so many artists and art lovers.

And now The Salmagundi Club has invited non-members to show their works of art, and mounts an exciting contemporary exhibition reminiscent of the salons of Europe.
